

2nd edition of the annual conference of  
**The International Association for Healthcare Data Analytics (IAHDA)**  
hosted by **The Sankara Nethralaya Academy (TSNA)**

# DATACON 2022

**on 27<sup>th</sup> / 28<sup>th</sup> of August 2022**

Dear friends,

It is with immense pleasure, that we announce the 2nd edition of the annual conference of the *International Association for Healthcare Data Analytics (IAHDA)* to be hosted by *The Sankara Nethralaya Academy (TSNA)*, the academic arm of Sankara Nethralaya Eye Hospital, a tertiary Ophthalmic institution with more than four decades of legendary service to the nation.

“Statistics is the grammar of science” said Mark Twain. In the field of healthcare, data and statistical analysis play a key role to achieve high standards of care, to bring down errors and maximize quality across the spectrum. Healthcare professionals from every domain need to be aware of how to leverage available data for betterment of life for the end user. The data driven culture must penetrate into all tiers of healthcare and its branches.

With these objectives, the second edition of the IAHDA, DATACON-22 is being planned in Hybrid mode on 27th / 28th of August 2022. There will be a pre-conference workshop on 27th August at The Sankara Nethralaya Academy premises, VGA campus, St. Thomas Mount, Chennai and the conference will be held at the V.D.Swami Auditorium, Sankara Nethralaya Main Campus, Nungambakkam. The conference is being curated by a team of experts, all thought leaders in various domains of health care field.

After two years of attending webinars and conferences in virtual mode, forced by the pandemic, the **DATACON-22** will be a welcoming breath of fresh air to all the delegates.

We look forward to your presence in Chennai on 27 / 28th August.

Please block your calendar.

Warm Regards,

**Dr Anuja R Singh**

**Dr V V Jaichandran**

*Organizing Chair persons, DATACON 2022*
