NT Bureau, Chennai, March 17:

Seminar on Emerging Trends in Hospital Administration

The Sankara Nethralaya Academy is conducting a two-day national seminar on 'Emerging Trends in Hospital Administration' on 9th & 10th May 2014.

According to a press release, the conference would bring together senior level healthcare experts from various regions to share their thoughts, observations and steps taken by them to improve patient flow and enhance safety and work flow processes leading to a great Patient experience.

The seminar will also focus on successful healthcare strategies, proven patient-care techniques, quality standardisation tips, new hospital management trends and an overall road map to an effective healthcare system.

The interactive seminar would witness in-depth presentations by experts and industry leaders from across the country.
